AMENDMENT IN RESPONSE TO OFFICE ACTION

Sir:

This paper is filed in response to the Office Action (Paper No. 9) mailed on February 20, 2002 in the above-captioned patent application. Applicants respectfully request entry of the following amendments and reexamination of the application.

AMENDMENTS

IN THE SPECIFICATION

Kindly amend the specification as follows:

Please replace the third full paragraph on page 1 of the specification with the following paragraph:

--US-A 4,980,396 describes a composition consisting of organopolysiloxane, a filler of the silicate type, an organosilicon compound of the isocyanurate type, and an organic solvent. The composition is used to bond a fluorosilicone rubber permanently to metal, plastic, and other materials; in this case, the fluorosilicate rubber is to be vulcanized by atmospheric, hot-air vulcanization. The constituents
